

OUR WORK

Discover how THI can help!
Explore our current and recent efforts:

Local

- **Laredo, partner** | Produced the City of Laredo CHNA with an equity-centered, community-focused, and place-based approach
- **Central Texas, partner** | Conducted three CHNAs for St. David's Foundation
- **Nueces County, partner** | Developed an actionable report for advancing health equity

State

- **Texas Primary Care Consortium, co-lead** | The only multisectoral network focused on primary care in Texas
- **Aligning Systems, partner** | Conducted a realist evaluation of cross-sector alignment initiatives for population health and health equity across Texas
- **CPRIT, evaluation lead** | Conducting a mixed-methods evaluation of the reach and impact of 10 years of prevention investment

National

- **Mental and Behavioral Health Data Brief, lead data partner** | Produced the first brief in America's Health Rankings' Health Equity in Focus series
- **Communities Joined in Action, convening lead** | Planning and facilitating the 2024 annual conference
- **Future of Public Health Report, lead** | Developed synthesis report for rebuilding public health systems

Since 1964, Texas Health Institute has served as a trusted, leading voice on public health and health care issues in Texas and the nation. Our expertise, strategies, and nimble approach makes us an integral and essential partner in driving systems change efforts.
